battenfeld-cincinnati announces Fleming as new agent for Australia, New Zealand, Fiji and New Caledonia

At the beginning of March 2018, global extrusion specialist battenfeld-cincinnati signed an agency agreement with Fleming, Australia. Fleming will support battenfeld-cincinnati's customers in Australia, New Zealand, Fiji and New Caledonia in the areas of pipe, profile, PVC sheet and WPC/NFC extrusion.

"Fleming have made a name for themselves in the region for quality and customer service in extrusion periphery equipment. They have extensive knowledge of the industry and the needs of our customers and we look forward to a good cooperation," says Wolfgang Sedlacek, Director Sales Asia, Australia, Oceania at battenfeld-cincinnati.

"This agreement solidifies our commitment and focus within the Australian and New Zealand extrusion sector, and is a strategic step towards business growth. We look forward to working together!" adds Tim Fleming, Managing Director at Fleming.

About battenfeld-cincinnati:

battenfeld-cincinnati is a leading producer of energy-efficient, high-performance extruders and complete extrusion lines according to customers' specific requirements. It offers a variety of equipment for many different applications in the areas of pipe, profile, sheet, thermoforming sheet and pelletizing.
